A Reminder from the Department of Utilities

Keep your drains healthy – place a sink strainer in your drain to catch food scraps and other debris.

Did you know that garbage disposers just chop food scraps into tiny pieces that can cause costly blockages and backups?

Instead of using a garbage disposal use a grease can, and a sink strainer and wipe pots, pans and dishes with a paper towel before placing them into your kitchen sink. By doing this you will help prevent clogged pipes and blockages in your home and your neighborhood.

If you have any questions about Norfolk's FOG Program, please call (757) 823-1090 or 823-1064.

You may email FOG@norfolk.gov or
Visit the website: www.norfolk.gov/utilities/FOG
